

# YOUNG MIGRANTS' PERCEPTION OF GENDER BASED VIOLENCE

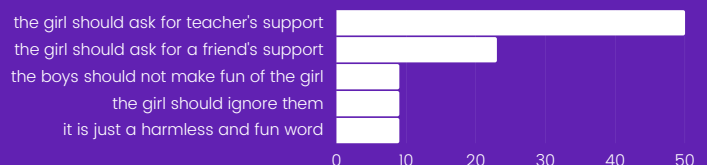

33 young migrants:  
 - 28 young men  
 - 5 young women  
 - between 16 and 24 years old

97% are not accompanied by any family members  
 15% have been separated from their families during the journey

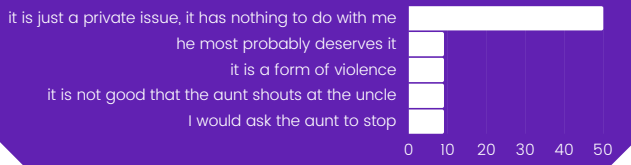

A boy at school cries because he has received a bad grade. His classmates start making fun of him and tell him mockingly: "Only girls cry!"

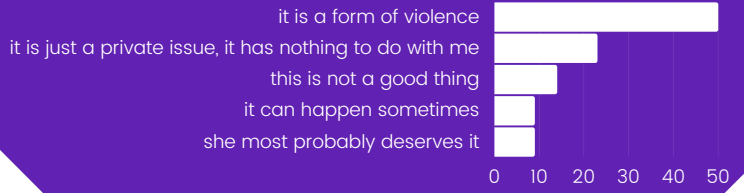

Some boys at the centre/school laugh, calling a girl a bad word

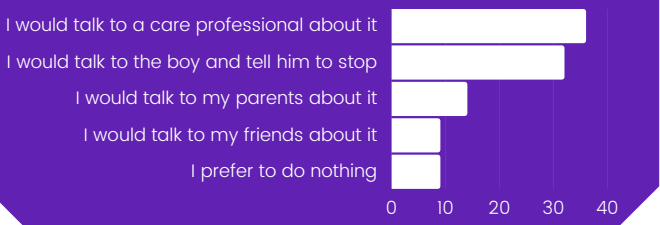

At home, your aunt shouts angrily at your uncle because he dropped a cup

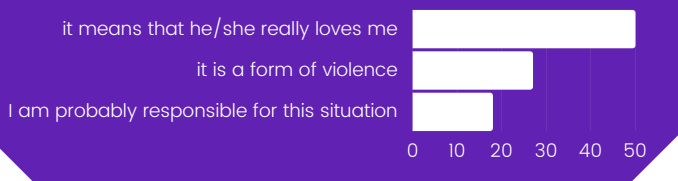

In the street, you see a husband beating his wife

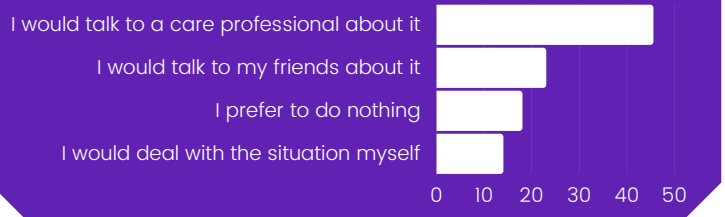

In the centre, you witness a boy trying to touch a girl who says "No"

Suppose you are in a relationship and your partner is very jealous and he/she beats you

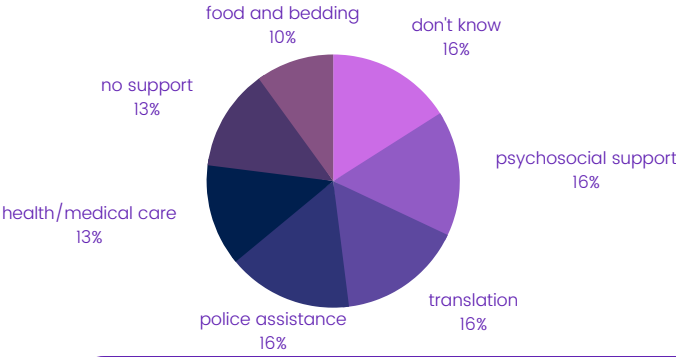

If someone was giving you unwanted attention, what would you do?

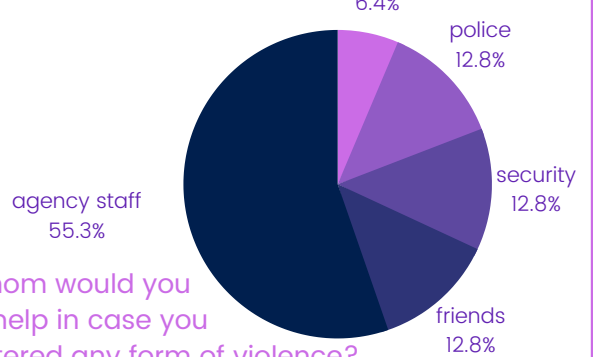

## HOW DO THEY REACT TO GENDER BASED VIOLENCE?

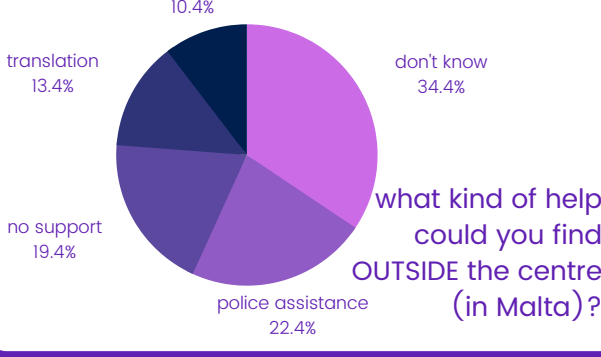

what kind of help could you find INSIDE the centre?

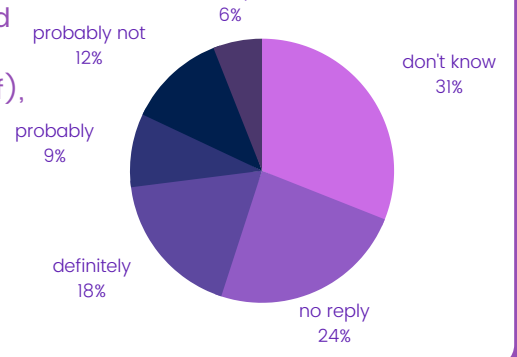

from whom would you ask for help in case you encountered any form of violence?

what kind of help could you find OUTSIDE the centre (in Malta)?

if someone reports any kind of bad behavior (to centre staff), will his/her privacy be respected?
